Job Object

As a recent software engineering graduate with expertise in HTML, CSS, and JavaScript, I am passionate about creating intuitive user experiences. Proficient in dynamic web application development and industry trends, I am eager to contribute to a dynamic team.

Education

Al-Balqa Applied University | Al Balqaa, Salt
Bachelor's degree in Software Engineering | 09/2023

- GPA: Very good (3.06)

Experince

Classera | OnLine, Amman
Software Developer Internship(php) | 02/2023 - 06/2023

- Completed training in PHP and object-oriented programming (OOP).
- Proficient in SQL databases for effective data management and querying.
- Contributed to the efficient development of dynamic web applications.

Skills

HTML, CSS, JavaScript, React, Bootstrap, API, JQuery, GitHub, Responsive Web Design, Documentation, Swiper, Npm, Version Control/Git, Landing page (Figma)

Courses

Full Stack Web Development Course

Knowledge Academy | Online

- Currently enrolled in a comprehensive Full Stack Web Development course, gaining hands-on experience in both front-end and back-end technologies.

Projects

1-[courses-store-project](https://ayamubarak.github.io/courses-project/)

(<https://ayamubarak.github.io/courses-project/>)

Developed an interactive course project using HTML and CSS. Integrated a Figma landing page for enhanced design.

2-[Product-store-project](https://ayamubarak.github.io/Axios/)

(<https://ayamubarak.github.io/Axios/>)

Built a dynamic product application incorporating an API, HTML, CSS, and JavaScript. Collaborated on fetching and displaying data from the API to create an engaging user experience.

3-[To-Do-List-Project](https://ayamubarak.github.io/To-Do-list/)

(<https://ayamubarak.github.io/To-Do-list/>)

Designed and implemented a To-Do List application using HTML, CSS, and JavaScript. Ensured a user-friendly interface and smooth functionality for managing tasks efficiently.

Languages

Arabic: Native, English: Very Good
